

POLAR THERMAL
REUSABLE THERMAL PACKAGING

**MADE IN
BRITAIN**

16 HOUR THERMAL ROLL CAGE LINER

FROZEN FOOD ROLL CAGE LINER

-14°

690L CAPACITY

6 REUSABLE COOLANTS

Polar Thermal's 16-Hour Roll Cage Liner has been developed to reflect a customer's demand for a reusable cold chain logistic solution, that will maintain a temperature of below -14° for 16 hours.

The liner can be made to fit any size roll cage, saving you space and money by working with your current logistic solution.
